REZONING ORDINANCE ON ADAMS APPROVED

The Albany City Council passed to first reading Ordinance No. 60-02, calling for the rezoning of the easterly 25 feet of Lots 20 and 21, Block 1, Regents Park Map No. 7, at its meeting Monday night. It also passed a Resolution granting a Use Permit for a parking lot on the western 75 feet of the same property.

This was done in spite of an overwhelming opposition to both measures on the part of residents within a radius of 275 feet on the property involved. Due to the opposition a majority of four out of the five vote total was required.

Request for the rezoning came from the Berkeley-Lee automobile firm owning the property facing on San Pablo Avenue, which asserted the action was necessary to conform with its plans of erecting an addition to its plant on the 25-foot space adjoining present buildings, and to provide for parking space to accommodate storage of customer cars brought in for service or overhauling. The Use Permit provides for a gate into Adams Street, to be kept locked at all times except in emergency in case of fire or disaster. The entrance would be through the Berkeley-Lee building from San Pablo Avenue. It also provides for a four-foot setback as provided by ordinance.

Mrs. Zahn voted against both measures, as she did when they first came up several weeks ago. Before the vote was taken in each case she read a lengthy statement in which she alleged the council's action was opposed to the present zoning ordinance No. 351, and cited a Maryland court case which she said upheld her claim. She asserted the city attorney was wrong in ruling the council could legally take the action it did.

She stated in her prepared statement that, "Ordinance No. 60-02 is unreasonable, capricious and arbitrary, NOT related to public health and safety and therefore in MY opinion INVALID."

George H. Johansen, residing at 720 Adams Street, near the property involved, served notice on the council that his group planned to secure a petition from Albany residents for a referendum on the question.

The council also approved installation of a street light near 985 Kalns Avenue — Macabees Hall — which Councilman Howell stated was not sufficiently lighted for safety of persons attending meetings at the hall.

Also approved was a request for rezoning of Lots 27 and 28, 632 Stannage Avenue, for the erection of a fourplex. Mrs. Zahn dissented, asserting she was against opening up to multiple dwellings any property in a solidly built up residential area.

Yugoslav Photos On Display At Oakland Museum

Djuro Griesbach, president of the Photo Club, Zagreb, Yugoslavia, was commissioned to photograph Yugoslavia so that the Western world might learn of its courageous people and antique history. Pictures of the town of Kotor remind us that Yugoslav history goes back before the time of the Saracens, who besieged the town in 669 A.D. This ancient city of 3,000 inhabitants is still encompassed by walls built by the Romans and improved by the Venetians.

These are on view at the Oakland Public Museum, 1426 Oak Street, along with many scenes of Dalmatia, a coastal province. It was there that St. Jerome, who translated the Vulgate Bible from the Hebrew, was born.

**PURE FRESH
MILK**

My pupils know the wonderful things milk does...helps
to grow good teeth, sturdy bones, strong muscles,
and gives zippy energy. So, when it's "milk break"
time I have a glass of milk, too...gives me a real lift,
without a let-down! Why don't you start taking a
"milk break" every day? You'll feel better for it!

Three more gulps and ssswwooooohhh! He'll "blast off"
on a million more adventures. Recharged. Refreshed.
Ready to conquer time, space, and the kid next door!

Supersonic fuel? No, just water. But water with a differ-
ence, water of exceptional purity and softness. Cold,
crystal-clear water from the snowy Sierras.

Mother Nature gets most of the credit for your wonder-
ful water. She gives it a fine start. We — "East Bay
MUD" — give her a helping hand; filter it, check the
quality, make sure you get all you want.

The result: a clean, clear taste. Like scooping up a
handful from some icy Sierra stream.

Our pint-size missile has the right idea. So follow his
lead — help yourself to a drink of water. In fact, take
two! There's plenty more where that came from!

Senior Citizens In First Meeting Of the New Year

The Albany Senior Citizens of 860 Masonic Avenue held their first meeting of 1960 on January 5, with William Mulligan, president, presiding.

This was the regular monthly business meeting. The treasurer's report was read by Virginia Gill, showing the treasury in healthy condition. A check for \$10 was received from George Irwin to be applied toward the club's building fund. This is an annual gift from Mr. Irwin.

Plans for a dinner dance at the Richmond Road and Gun Club were discussed, and February 23 agreed on for the date.
